

Admissions

Although St James' CE Junior School has a designated catchment area, we also have a number of children who attend from the surrounding areas. Please contact us if you are looking for a place at the moment.

Applying for a place for your child couldn't be easier. All admissions must now be arranged through the Cumbria County Council School Admissions Team. For more information you can either contact us at St James' Junior School or go to the County Council School Admissions website on the link below. The website has links to the County's admissions criteria and information for starting Junior School in September, or children transferring mid-year from another school.
