Dear Parents/Carers,

Please find attached letter from Dan Barton, Assistant Director for Education and Skills at Cumbria County Council.

This letter contains the link to the survey which needs to be filled out by 'key workers' who will otherwise be unable to work if their children do not have childcare. We are still awaiting the clarification of who falls into the category of 'key workers' but it will definitely include NHS and social care employees. We expect that this list will also include other front-line staff, as mentioned on the news, to include police and possibly delivery drivers, so if you feel that you fall into the category of 'key worker' then please complete the survey, giving as much detail as possible. As soon as we have the information we will send it out to you.

As we understand it, the purpose of the survey is to identify those people who would otherwise be absolutely unable to work in these 'key' roles without childcare provision. If there is someone else in the household who is not classed as a 'key worker' then they would be responsible for childcare.

If you are at all concerned please ring the office. We will share more information as and when it becomes available.

Best Regards

Mr A Beattie
